I look forward to helping better our community and thank each of you for this opportunity. Below I have outlined the goals I have established for the infrastructure Committee. I have also add several at the end that I personally feel could fall under the infrastructure committee with permission from the Steering Committee. All these goals are listed in our Long Range Strategic Plan for 2018-2028.

2018 Goals Infrastructure

Work on Parking along Straight Hollow Rd.

Work on Sewer Project

Partner with Lou Ann on the Cell Tower

Continue to pursue Sunset on community internet

Follow up on Josh's report to the county on Streets and Highways

Recruit at least 2 other members for the committee

With the grace of the Steering Committee:

Develop Wayfinding Map Base for future usage

Develop Drug Epidemic Recovery & Prevention Social Programming

Review Flood Control Maps and follow-up on possible solutions

Establish Neighborhood Watch
